\*Number of Seats includes teacher’s station. All stations have the same software, but may have different peripherals.

\*\*Peripherals are available on the workstations in the general use portions of the lab, but not in the classroom.

\*\*\*Vocal support is provided by the choice of a handheld or lavalier microphone for use in the classroom.

X = Item available in classroom or component available on all computers. Numbers indicate quantity where applicable.

C = Item available for checkout with valid UK ID. Items are shared by all users of the lab and classrooms and are distributed on a first-come, first-serve basis.

All classrooms have overhead projectors, a whiteboard or blackboard, and computers with CD-R/RW/DVD±R/RW DL drives.

With the exception of the software in the table above, all other software packages are included on all computers.

There may be a limited number of licenses for specialty software. If you need a specialty application, please check with us to make sure that there will be enough licenses available for the number of students in your class at the time you plan to teach.
